14 August 2026

To,

The Head of the Department, computer-science

The Chairperson, Technical Council

And All Concerned Reviewing Authorities

Subject: Request for review and approval to conduct AI and IOT Hackathon organized by zigbee.

Respected Sir/Madam,

With due respect, on behalf of zigbee, computer-science, we would like to submit the enclosed event proposal for your kind review and approval. The key details are summarized below and elaborated further in the attached document.

Event Name	AI and IOT Hackathon
Proposed Date	23 August 2026
Venue	Lab with 20 computers and internet connectivity
Expected Participants	50

We believe this event will add meaningful value to the students and the wider academic community, and will be conducted in accordance with the university's guidelines. We kindly request your approval to proceed with the planning, publicity, and execution of this event, and would be glad to provide any further information required.

Thanking you,

Yours sincerely,

Student Coordinator

varshitha, harshitha

Club Head

Ms. Varshitha, President,
zigbee club

Encl: Event Proposal Document

1. Event Details

Event Name	AI and IOT Hackathon
Event Type	Hackathon
Theme	Technical
Proposed Date	23 August 2026
Time	15:58
Venue	Lab with 20 computers and internet connectivity
Mode	offline

2. Organizing Team

Faculty Coordinator	VARSHITHA
Student Coordinator(s)	varshitha, harshitha
Club Name	zigbee
Department	computer-science

3. About the Event

The AI and IOT Hackathon is an exciting event that brings together students, faculty, and industry experts to explore the latest advancements in Artificial Intelligence and Internet of Things. The hackathon aims to provide a platform for participants to showcase their innovative ideas, collaborate with peers, and learn from experts in the field. By participating in this event, students will gain hands-on experience in developing AI and IOT-based solutions, enhance their problem-solving skills, and network with like-minded individuals.

4. Objectives

- To provide a platform for students to showcase their innovative ideas and projects in AI and IOT
- To foster collaboration and knowledge sharing among participants, faculty, and industry experts
- To enhance the problem-solving skills and critical thinking abilities of participants
- To promote the development of AI and IOT-based solutions that can address real-world problems

5. Target Audience

Students from the Computer Science department, specifically those in their 2nd, 3rd, and 4th years, who have a keen interest in AI and IOT and are looking to gain hands-on experience in these areas.

6. Expected Number of Participants

50

7. Resource Person Details

Name	varshitha
Designation	professor
Organization	google
Short Bio	varshitha

8. Event Schedule

Time	Activity	Speaker / Lead
9:00 AM - 9:30 AM	Registration and Welcome	Dr. VARSHITHA, Faculty Coordinator
9:30 AM - 10:30 AM	Keynote Address: 'The Future of AI and IOT'	Prof. Varshitha, Google
10:30 AM - 12:30 PM	Hackathon Session 1: Idea Generation and Team Formation	Mr. Harshitha, Student Coordinator
12:30 PM - 1:30 PM	Lunch Break and Networking	Student Coordinators
1:30 PM - 4:00 PM	Hackathon Session 2: Project Development and Presentations	Ms. Varshitha, Student Coordinator

9. Budget Estimation

S.No.	Particulars	Estimated Amount
1	40,000	Rs. 0
2	Refreshments & Catering	Rs. 2,500
3	Materials & Supplies	Rs. 2,000
4	Speaker Honorarium	Rs. 1,500
5	Contingency & Miscellaneous	Rs. 1,000
Total Estimated Budget		Rs. 10,000

10. Logistics Required

Item	Requirement / Remarks
Projector	Required
Mic	Required
Internet	Not Required
Certificates	Not Required
Refreshments	Not Required
Photography	Not Required
Volunteers	Not Required

11. Publicity Plan

The event will be publicized through social media platforms, email invitations, and posters on campus. The zigbee club will also collaborate with other student clubs and departments to promote the event. A registration link will be shared on the Jain University website and social media channels. The event will also be promoted through the Computer Science department's newsletter and student ambassadors.

12. Expected Outcomes

- Participants will gain hands-on experience in developing AI and IOT-based solutions
- Participants will enhance their problem-solving skills and critical thinking abilities
- Participants will network with like-minded individuals and industry experts
- Participants will have the opportunity to showcase their innovative ideas and projects

13. Risks & Mitigation

Potential risks include low turnout, technical issues, and lack of engagement among participants. To mitigate these risks, the organizing team will ensure that the event is well-publicized, provide technical support, and plan engaging activities and sessions.

14. Approval Signatures
