14 August 2026

To,

The Head of the Department, computer-science

The Chairperson, Technical Council

And All Concerned Reviewing Authorities

Subject: Request for review and approval to conduct AI and IOT Hackathon organized by zigbee.

Respected Sir/Madam,

With due respect, on behalf of zigbee, computer-science, we would like to submit the enclosed event proposal for your kind review and approval. The key details are summarized below and elaborated further in the attached document.

Event Name	AI and IOT Hackathon
Proposed Date	23 August 2026
Venue	Lab with 20 computers and internet connectivity
Expected Participants	50

We believe this event will add meaningful value to the students and the wider academic community, and will be conducted in accordance with the university's guidelines. We kindly request your approval to proceed with the planning, publicity, and execution of this event, and would be glad to provide any further information required.

Thanking you,

Yours sincerely,

Student Coordinator

Encl: Event Proposal Document

1. Event Details

Event Name	AI and IOT Hackathon
Event Type	Hackathon
Theme	Technical
Proposed Date	23 August 2026
Time	15:58
Venue	Lab with 20 computers and internet connectivity
Mode	offline

2. Organizing Team

Faculty Coordinator	VARSHITHA
Student Coordinator(s)	varshitha, harshitha
Club Name	zigbee
Department	computer-science

3. About the Event

The AI and IoT Hackathon is an exciting event that brings together students, faculty, and industry experts to explore the latest advancements in Artificial Intelligence and Internet of Things. This hackathon aims to provide a platform for participants to showcase their innovative ideas, collaborate with peers, and learn from experts in the field. The event will feature a series of challenges, workshops, and presentations that will help participants develop their skills in AI and IoT.

4. Objectives

- To provide a platform for students to showcase their innovative ideas and projects in AI and IoT
- To foster collaboration and knowledge sharing among participants, faculty, and industry experts
- To promote awareness and understanding of the latest advancements in AI and IoT among students and faculty
- To encourage students to develop their skills in AI and IoT and prepare them for the industry

5. Target Audience

The target audience for this event is students from the Computer Science and Engineering department, particularly those in their second, third, and fourth years. The event is also open to students from other departments who have an interest in AI and IoT.

6. Expected Number of Participants

50

7. Resource Person Details

Name	varshitha
Designation	professor
Organization	google
Short Bio	varshitha

8. Event Schedule

Time	Activity	Speaker / Lead
9:00 AM - 9:30 AM	Inauguration and Welcome Address	Dr. Varshitha, Professor, Computer Science and Engineering Department
9:30 AM - 10:30 AM	Keynote Address: 'The Future of AI and IoT'	Dr. Varshitha, Professor, Computer Science and Engineering Department
10:30 AM - 12:30 PM	Hackathon Challenges and Project Presentations	Student Participants
12:30 PM - 1:30 PM	Lunch Break and Networking	Student Coordinators
1:30 PM - 3:30 PM	Workshop on AI and IoT Applications	Dr. Harshitha, Industry Expert

9. Budget Estimation

S.No.	Particulars	Estimated Amount
1	40,000	Rs. 0
2	Refreshments & Catering	Rs. 2,500
3	Materials & Supplies	Rs. 2,000
4	Speaker Honorarium	Rs. 1,500
5	Contingency & Miscellaneous	Rs. 1,000
Total Estimated Budget		Rs. 10,000

10. Logistics Required

Item	Requirement / Remarks
Projector	Required
Mic	Required
Internet	Not Required
Certificates	Not Required
Refreshments	Not Required
Photography	Not Required
Volunteers	Not Required

11. Publicity Plan

The event will be publicized through social media platforms, email invitations, and posters. The event details will be shared on the university website and the Computer Science and Engineering department's website. The event will also be promoted through the university's social media groups and WhatsApp groups.

12. Expected Outcomes

- Participants will gain hands-on experience in developing AI and IoT projects
- Participants will learn about the latest advancements in AI and IoT from industry experts
- Participants will have the opportunity to showcase their projects and receive feedback from experts
- Participants will develop their skills in teamwork, communication, and problem-solving

13. Risks & Mitigation

The risks associated with this event include low participation, technical issues, and last-minute cancellations. To mitigate these risks, the organizers will ensure that the event is well-publicized, and the technical arrangements are made in advance. The organizers will also have a backup plan in place in case of any last-minute cancellations.
